

Child Line's educational video "Cyber bullying. Do you know how to stop them?"

Child Line's educational video "Cyber bullying. Do you know how to stop them?" reveals cyber bullying problem, its consequences and the ways how to solve it. The educational video gives recommendations for children who experience cyber bullying, for observers of cyber bullying and its initiators. Video is presented in children's dairy form telling a story about a girl. Viewers can see the story through the children's eyes.

This video was made by Child Line in process of implementation of the project with Youth Line „Raising societies consciousness in bullying and suicide problem solving” which is funded by Europe’s Economical Space financial mechanism in Lithuania by NVO program.
